About d line

At d line, we design and craft architectural hardware, sanitary ware and accessories that quietly support life's daily routines. From the lever handle turned as you enter a room to the tap used each morning, our products are made to be touched, used and trusted, every single day.

Since 1971, we've followed a design tradition rooted in simplicity, honest materials and enduring quality. Every detail reflects our commitment to durability: reducing waste, designing responsibly, and making better choices for people and planet. We care deeply about the people we work with and the products we put into the world. From public spaces to private homes, d line products are made to perform beautifully now and for generations to come.

built with care
made to last

3D Product Configurator

With our new product configurator, it's now easier than ever to design your shower solution and present it visually. An intuitive tool that lets you:

- Explore and visualise our built-in shower solutions in 3D
- Switch between finishes
- See the solution in a physical space using AR
- Save and share your configurations

Scan the QR code and build your own solution!

Use your smartphone to show your solution in AR

Satin stainless steel

Maintenance guide

d line products are produced in the highest quality stainless steel. To sustain the unique d line finish please follow the below instructions:

- Products should always be cleaned along the structure (grinding/polishing direction), not across.
- A clean dust and grit-free cloth should be used to avoid scratching.
- Fingerprints, residue and other marks may be cleaned with soapy water or special mild detergent with a soft cloth or piece of suede.
- Always rinse off thoroughly with clean water.
- To complete the cleaning procedure dry/polish the surface with a soft dry cloth.

Do not use:

- Do not use scouring powder, because it may scratch the surface.
- Do not use cleaners containing chlorides (especially hydrochloric acid) or other aggressive cleaning products to clean stainless steel surfaces. If such products are accidentally used, wash the surface with fresh water and clean with special cleaners removing oxides and other compounds.
- Do not use cleaning agents used for cleaning silver.
- Do not use rough and abrasive materials like steel wool.

PVD coated stainless steel

- PVD coatings may fingerprint, this can be removed by cleaning the surface with soap and water and dry.
- Coarse abrasives, files, or other hard objects must not be used against PVD coated stainless steel surfaces – the soft stainless steel may deform.
- If a softer metal, such as a ring or key marks the surface, it is most likely the soft metal residue that has been left on the coated surface. Clean off with soapy water or special mild detergent.

Warranty

Warranty period

In addition to any statutory warranty rights a customer may have, d line offers an extended warranty period on the d line branded goods.

The length of the extended warranty depends on the product. The periods listed below includes any statutory warranty period and will apply from the time of purchase:

- 20 year warranty on stainless steel products.
- 5 year warranty on coated products (PVD coating).

The extended warranty periods does not cover electric parts, interchangeable parts, such as screws and snaplocks, or other wearing parts.

The warranty covers

The extended warranty is void, if there is damage to or failure of any product/ component, if the product:

- Has been altered except as authorized by d line.
- Has not been installed, operated, repaired, or maintained in accordance with the installation, handling, maintenance, or operating instructions.

Warranty claims process

In case of a warranty claim, we need to be able to document the claim both to better the process for the future as well as having documentation on any defects.

Therefore, we need the following:

- Images and a short description of the claim.
- Copy of the purchase invoice.
- Customer's full name and address.

Please send the above documentation to uksales@dline.com / +44 (0) 121 373 4488.
