Product care

In products are produced in the highest quality marine grade AISI 316 stainless steel. To sustain the unique of line finish please follow the below instructions.

• Wash down the surfaces using scapp water or mid detergent
• Always throroughly rines off with clean water
• To complete the cleaning procedure dry/point the surface with a soft dry cloth
Please do not use sourning powder, steel wool, chinriche based detergents or other aggressive cleaning products as these may damage the surface. It is not due to the stainless steel quality, but to impurities in the environment, aggressive conditions or improper or insufficient cleaning.
